INCOMPASS Forex

Member of the Merchant West Group

WHY YOU SHOULD CONSIDER USING

INCOMPASS FOREX FOR YOUR MONEY TRANSFERS

Incompass has been providing financial solutions since 2003. Our commitment to providing both innovative and comprehensive currency transfer solutions has resulted in us becoming one of South Africa's foremost experts in the field of foreign exchange.

Our money transfers, into and out of South Africa, are done in strict accordance with money laundering and exchange control regulations; and all of our transactions are audited in terms of license and banking requirements.

BENEFITS AT A GLANCE

TRANSPARENCY

At the very core of our business is transparency. Often forex fees are hidden in large spreads and administration charges. We typically save you between 1.5% and 3% on retail bank rates and we ensure we divulge all fees (inclusive of the bank's) to you on each and every transaction.

PRIVATE BANKING EXPERIENCE

Benefit from the ease of our online registration process and the "no need to meet anyone in person" option, but rest assured you will be dealt with by real people and no call centres. We are also able to visit you, or meet you at our offices. We watch the rate for you and trade for you on your instruction.

SECURITY OF FUNDS

Your funds go into a bank account in your own name. We are FSCA registered, ISO certified and have Fidelity Insurance.

EASY FICA REGISTRATION

We make the FICA registration process stress free and uncomplicated. Registering for our services is completely online and can be done from the comfort of your own home.

NO FEES

No service fees and no admin fees for amounts above 50 000 ZAR.

Our Process

STEP 01

Registration

Simply access the link provided to you for completion of your free and non obligatory registration. Our online process means that you can register from anywhere, as long as you have access to a PC or smart phone.

Upon successful registration, a confirmation will be sent by email and a money market account will be opened in your name.

Whether at registration, or any point in the future, we will also be able to apply on your behalf for any required tax clearance certificates.

STEP 02

Funding your transfer

You can transfer funds into your interest bearing account at any stage. Once money arrives, our traders will make contact to find out if you would like to trade the funds or park the money in the account.

STEP 03

Trading

Our traders will make contact to find out at what rate you would like to trade. You do not have to exchange your funds right away. You can also ask your trader to 'watch the rate' for you and give you updates, or trade once a specific rate has been reached.

STEP 04

Trade confirmation

Once you have instructed us to carry out a trade for you, you will receive a deal confirmation which will confirm the rate you traded at, the foreign currency and ZAR amount and most importantly, the receiving banking details. You will need to sign and return the trade confirmation to us to confirm the recipient's banking details.

STEP 05

Receiving funds

You can expect the traded funds to reflect in the beneficiary account within 3 -4 working days.
